#### **Village Comparison Document**

Retirement Villages Act 1999 (Section 74)

This form is effective from 1 February 2019

#### Seasons Bribie Island

#### Important information for the prospective resident

- The Village Comparison Document gives general information about the retirement village accommodation, facilities and services, including the general costs of moving into, living in and leaving the retirement village. This makes it easier for you to compare retirement villages.
- The Retirement Villages Act 1999 requires a retirement village scheme operator to:
  - provide a copy of the Village Comparison Document to a prospective resident of the retirement village within seven days of receiving a request
  - include a copy of the Village Comparison Document with any promotional material given to a person, other than through a general distribution (e.g. mail-out)
  - publish the Village Comparison Document on the village's website so that the document, or a link to it appears prominently on each page of the website that contains, or has a link to, marketing material for the village
- You can access a copy of this Village Comparison Document on the village website at <a href="https://seasonsflexi.com.au/bribie-island/">https://seasonsflexi.com.au/bribie-island/</a>
- All amounts in this document are GST-inclusive, unless stated otherwise where that is permitted by law.

#### **Notice for prospective residents**

Before you decide whether to live in a retirement village, you should:

- Seek independent legal advice about the retirement village contract there are different types
  of contracts and they can be complex
- Find out the financial commitments involved in particular, you should understand and consider ingoing costs, ongoing fees and charges (which can increase) and how much it will cost you when you leave the village permanently
- Consider any impacts to any pensions, rate subsidies and rebates you currently receive
- Consider what questions to ask the village manager before signing a contract
- Consider whether retirement village living provides the lifestyle that is right for you. Moving into a retirement village is very different to moving into a new house. It involves buying into a village with communal facilities where usually some of the costs of this lifestyle are deferred until you leave the village. These deferred costs when you leave your unit may be significant.
- Seek further information and advice to help with making a decision that is right for you. Some useful contacts are listed at the end of this document, including:
  - Queensland Retirement Village and Park Advice Service (QRVPAS) which provides free information and legal assistance for residents and prospective residents of retirement village. See www.caxton.org.au or phone 07 3214 6333.
  - The Queensland Law Society which can provide a list of lawyers who practice retirement village law. See www.gls.com.au or phone: 1300 367 757.

#### More information

- If you decide to move into a retirement village, the operator will provide you with a Prospective Costs Document for your selected unit, a residence contract and other legal documents.
- By law, you must have a copy of the Village Comparison Document, the Prospective Costs
  Document, the village by-laws, your residence contract and all attachments to your residence
  contract for at least 21 days before you and the operator enter into the residence contract. This
  is to give you time to read these documents carefully and seek professional advice about your
  legal and financial interests. You have the right to waive the 21-day period if you get legal
  advice from a Queensland lawyer about your contract.

The information in this Village Comparison Document is correct as at 1 July 2022 and applies to prospective residents.

Some of the information in this document may not apply to existing residence contracts.

#### **COSTS AND FINANCIAL MANAGEMENT**

#### Part 9 – Ingoing contribution - entry costs to live in the village

An ingoing contribution is the amount a prospective resident must pay under a residence contract to secure a right to reside in the retirement village. The ingoing contribution is also referred to as the sale price or purchase price. It does not include ongoing charges such as rent or other recurring fees.

# 9.1 What is the estimated ingoing contribution (sale price) range for all types of units in the village

Accommodation Unit	Range of ingoing contribution
Supported Living Apartments	
- One bedroom (Unit Type A, B, E and F)	\$210 000
Full range of ingoing contributions for all unit types	\$210 000

The Scheme Operator is flexible when negotiating an Ingoing Contribution for a prospective resident however the starting price is set out above. Ingoing Contributions are also based on the care assessment of all residents and the Scheme Operator reserves its rights to request a higher Ingoing Contribution based on the outcome of the assessment and approval process upon submitting an application to reside in the village.

9.2 Are there different financial options available for paying the ingoing contribution and exit fee or other fees and charges under a residence contract? If yes: specify or set out in a table how the contract options work e.g. pay a higher ingoing contribution and less or no exit fee.

The Scheme Operator and the prospective resident may enter into a Deferred Payment Agreement whereby an Initial Contribution is paid to allow the prospective resident early occupation of their chosen Accommodation Unit. The resident has up to 6 months to pay the balance of the full Ingoing Contribution ("Deferred Payment Amount"), penalty free. This allows time for the resident to sell their own property while being able to occupy their Accommodation Unit and start receiving care for their own safety and wellbeing. This arrangement is subject to the Scheme Operator's approval process once an Application for Residence has been submitted by the prospective resident. Minimum Initial Contributions are required. A copy of the Deferred Payment Agreement is annexed to the Application for Residence.

## 9.3 What other entry costs do residents need to pay?

	Trans	fer or	stamp	duty
--	-------	--------	-------	------

- ☐ Costs related to your residence contract
- ☐ Costs related to any other contract
- ☐ Advance payment of General Services Charge
- ☑ Other costs The Scheme Operator's Legal and Administration Costs as defined in the Application for Residence, currently \$990.00 including GST. This fee does not cover or include contract preparation which is a cost that is not passed on to a resident.

#### Part 10 - Ongoing Costs - costs while living in the retirement village

**General Services Charge:** Residents pay this charge for the general services supplied or made available to residents in the village, which may include management and administration, gardening and general maintenance and other services or facilities for recreation and entertainment described at 7.1.

**Maintenance Reserve Fund contribution:** Residents pay this charge for maintaining and repairing (but not replacing) the village's capital items e.g. communal facilities, swimming pool. This fund may or may not cover maintaining or repairing items in your unit, depending on the terms of your residence contract.

The budgets for the General Services Charges Fund and the Maintenance Reserve Fund are set each financial year and these amounts can increase each year. The amount to be held in the Maintenance Reserve Fund is determined by the operator using a quantity surveyor's report.

Note: The following ongoing costs are all stated as weekly amounts to help you compare the costs of different villages. However, the billing period for these amounts may not be weekly.
